

13F30 - Targeting NCO

The duties of the Targeting NCO are as follows:

- **Recommend the organization for combat for TA assets.**
- **Participate as a member of the targeting team.**
- **Analyze targets for possible engagement.**
- **Plan interdiction targets for attack.**
- **Assist in determining the HPTL, AGM, and the TSS.**
- **Interface with the targeting personnel in the FSE's in subordinate units and higher headquarters (such as the joint targeting coordination board (JTCB)).**
- **Keep the FAIO informed of changes to the HPTL, TSS, and AGM.**
- **Pass targets received from the FAIO to attack systems in the most expedient manner.**
- **Advise and inform the FSCOORD on issues concerning targeting and radar employment.**
- **Assist the operations and FA intelligence personnel in the FSE with their function as required.**
